To whom it may concern:

The City of Marinette Wisconsin is seeking developers who are interested in constructing housing in a fast-growing community in Northeast Wisconsin. With the recent announcement by Marinette Marine that they have been awarded a \$5.5 billion Navy contract that will add 1,000 new workers to the shipbuilders' local workforce of 2,500, the need for additional housing is needed now more than ever. Economic models show that the 1,000 new shipyard jobs will indirectly lead to the creation of four times that many jobs in the region.

Attached for your review are two development site prospectus that offer excellent locations for multi-family development. Additionally, please visit the City's website at <https://www.marinette.wi.us/473/Economic-Development> for updated information and additional development sites as they become available.

For more information or to schedule a meeting with City staff please contact:
